Curator & Sculpture Specialist, C FINE ART

Cheryl Sokolow, owner of C Fine Art, is the founder and curator of the Uncommon Ground Sculpture Series, presented in partnership with the Peconic Land Trust, and hosted at Bridge Gardens.

Cheryl Sokolow has over 20 years of art world experience with both a bachelor's and master's degree in art history. The daughter of late sculptor Isobel Folb Sokolow, a pioneer in large scale, welded sculpture, her appreciation and love of art began at an early age.

C Fine Art was established in 2009 to showcase international artists with a focus on formal abstraction in contemporary sculpture and dimensional art. "Our appreciation for excellence in craftsmanship, and insistence on originality leads us to artists who masterfully fabricate their work, reaching far beyond the boundaries of their chosen materials."

We are thrilled to make large scale, outdoor sculpture accessible to the community, and welcome residential installations and consultation in finding the perfect piece for your home.
